Pursuant to the Notice of the Securities and Exchange Commission dated March 12, 2020, please find attached explanation on the risks and impact of Covid-19 on the business operations of IPM Holdings, Inc. and the measures being undertaken by the company to mitigate the risks of Covid-19.

IPM HOLDINGS, INC.

By:

ANA MARIA A. KATIGBAK

Corporate Secretary / Compliance Officer

Date: March 16, 2020

SEC Form 17-C Impact of Covid-19

As of the moment, the risk of COVID-19 on the activities of the Company, IPM Holdings, Inc. and its subsidiaries, is low. There is neither a confirmed case nor a Person under Investigation (PUI) within the Company and its subsidiaries. As to the business operations, work in the office and on-site is still continuous. However, due to the community quarantine recently implemented in Metro Manila, the Company expects delays in its operations, the full extent of which is still currently being assessed and determined.

The Company has implemented specific precautionary measures to protect its officers, employees and other work personnel and to prevent the spread of COVID-19, as follows:

1. All employees reporting for work must undergo temperature scanning/screening before entering their designated work station/site.
2. Areas where the employees are stationed are off-limits to visitors. Visitors are confined to the reception area and employees who are required to meet with the visitors are required to wear masks, follow the "distancing", and afterwards observe proper hygiene procedures.
3. All employees are encouraged to wear acceptable surgical mask or N95 mask, if available. Employees without proper face protection/mask are recommended to observe proper "distancing" when engaged in a conversation.
4. Minimizing meetings in and out of the office; meetings via teleconference and other online platforms are highly encouraged.
5. All employees are reminded to avoid touching their faces, eyes, nose and mouth with unsanitized hands. Rubbing alcohol and hand sanitizers are provided to employees and are available in strategic areas within the office/sites.
6. Employees are encouraged to carpool to avoid crowded means of public transportation.
7. If an employee is suspected of or exhibiting signs of flu, he/she shall be asked to go to the nearest hospital for a check up and a medical certificate with clearance from COVID-19 from proper medical facilities must be submitted before he/she will be allowed to return to work.

The Company shall constantly evaluate the implementation of the above mentioned measures and monitor updates from the Department of Health ("DOH"), World Health Organization ("WHO") and other reliable sources.
